Transition from Quarterly to Monthly Utility Billing

- The billing transition will begin in December 2024. Implementation will be complete by February 2025.
- Enjoy the advantage of smaller, more predictable monthly bills.
- Monitor unusual changes in water consumption and investigate potential issues sooner.
- City billing expenses will increase for paper, envelopes, and postage.

Reduce Paper and Simplify Payments

- Sign up to receive tax and utility bills by email. Receive a billing notice by email on the same day bills are generated. Avoid postal delivery delays!
- Enroll in ACH payments so the balance due is subtracted automatically from a bank account on the bill due date. Avoid late payments!
- View your bill or payment history online anytime through the City's website using your account number and PIN. Online payments can be made using a bank account (echeck) or a debit or credit card. Additional fees apply for online payments.
