

## HELPING COMMUNITIES INVEST TODAY FOR A MORE LIVABLE TOMORROW

# **Sustainable Maryland**

is a free and voluntary certification program for municipalities in Maryland that want to go green, save money, and take steps to sustain their quality of life.

The mission of Sustainable Maryland is to enhance livability for all Marylanders by helping municipalities choose a direction for their sustainability efforts, improve access to resources needed to implement action, measure their progress, and gain recognition for their accomplishments.

### **Sustainable Maryland helps communities:**

- Gain access to training, tools, funding, and expert guidance;
- Save money and improve the bottom line;
- Conserve resources while promoting community resiliency.

#### **Sustainable Maryland features:**

- Free and voluntary program that makes participation easy and accessible
- Comprehensive vision that helps communities plan across multiple priorities
- Customizable menu of concrete actions, allowing communities to select initiatives that best fit their specific needs
- Statewide recognition of certified communities' accomplishments

#### **Getting Started**

Please visit the Sustainable Maryland website, www.sustainablemaryland.com, to learn more about the program and how to begin the process of certification. The list of sustainability actions and implementation tools available for your community to consider adopting are provided and explained in detail on the website.

To initiate the certification process, municipalities need to adopt a resolution, ordinance, or proclamation or draft a formal letter stating intent to pursue Sustainable Maryland certification and then register on the website. After registration, municipalities are strongly encouraged to participate in Green Team Training. To achieve certification, municipalities will need to implement the necessary actions to qualify and submit the appropriate documents as evidence that satisfies the Sustainable Maryland requirements.
